Scholarship Chair
502 Via La Barranta
Arroyo Grande, CA 93420

Mr. Wayne Mills,

I would like to say thank you for your contribution to our department! With matching funds from another donor (to the overall foundation), we were able to expand your \$1500 award up to approx. \$2200. With that, we were able to give awards of from \$140 to \$180 to 13 of the 23 people that are attending our summer field mapping classes (ERTH 137 and 138). This will be a great help to the awardees, and actually made it possible for one of them to be able to participate. Below is a link to some information on our summer field mapping course:

<http://instructors.sbcc.edu/meyerj/SummerFieldCamp.htm>

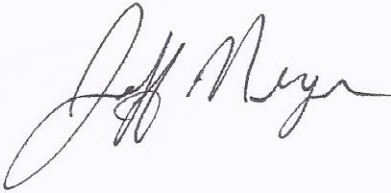

<http://science.sbcc.edu/~earthsc/geo/SummerField/AdvGeo.htm>

These are the students that were in attendance at the awards ceremony that are enrolled for summer field mapping. The Orcutt Gem and Mineral Society awards for summer field were

not-yet announced, but this picture includes 8 of the 13 students that were helped by your award.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Meyer". The signature is fluid and cursive, with the first name "Jeff" being more prominent and larger than the last name "Meyer".
